We Publish All Public Advertisements.

The MANNING TIMES publishes each and every public advertisement of Clarendon county. All these advertisements, except sheriff's sales, are published in full and direct from the offices. The sheriff's sales will be published sufficiently full for our readers to be kept posted. Our readers may rest satisfied that the TIMES will get there every time.

Your Name in Print.

—Mr. W. H. Trescott is salesman in Mr. C. M. Davis's store, at Davis.
—Mrs. John S. Wilson is visiting her mother, Mrs. Jane Ingram, in Sumter.
—Mrs. Rev. E. B. Duncan is visiting at her mother's, Mrs. Louis Huggins's.
—Miss Rebecca Croeland, of Bennettsville, is teaching school near Wilsons.
—Mr. W. J. Bradham, of Greens, is visiting friends and relatives in and near Manning.
—Mr. H. R. Meldau is now in Sumter, in the furniture store of Tindal & Rutledge.
—Mr. James E. Davis is in Columbia, attending meeting of the directors of the State Exchange.

No Pay, No Paper.

After our Grand Gift Distribution we are coming down to a strictly HARD CASH BASIS. We shall send the TIMES only for the money. If the TIMES is worth anything it is worth paying for, and if any one does not think it worth paying for, all right. THE MANNING TIMES will go to no one after Nov. 30th, except for the cash or its equivalent. That's business, and we mean it.

Only one week more!

Oak Grove Alliance was organized last week, with Mr. J. M. Strange, president.
The county commissioners met last Monday, and will meet again next Saturday.
Mr. James Shorter raised a pumpkin this year that weighed fifty pounds. Some pumpkin that!

Turnip Seed, all Varieties, in Bulk or Packages at Dinkins & Co.'s Drug Store.
The kitchen of Mr. B. R. Gibson caught on fire last Wednesday, but by prompt efforts the fire was put out, with the loss of only a part of the roof.

M. Kalisky insists that the people should not go to Sumter when he is selling so cheap. A boy's suit of clothes for \$1.50. Men's suits from \$3 up.

Next Thursday, November 28th, is Thanksgiving Day. We presume there will be religious services, and that the stores will close from 11.30 to 3.30. This will give the merchants and their clerks time to attend religious services and to eat their Thanksgiving turkey with their families. By all means close the stores for that length of time.

Golden Machine Oil for Gins and Mills, best quality, lowest price, for sale at Dinkins & Co.'s drug store.

Mr. T. C. Owens brought us last Monday two rutabaga turnips that weighed eight pounds. They were very fine. Mr. Owens made them on a piece of new ground. Three or four barrels of such turnips could be sold in this town every week at from five to ten cents a turnip. There is money in all such. Why not our farmers take advantage of these fine opportunities for making money?

Turnip Seed, at Dinkins & Co.'s.
Dr. W. M. Brockinton took the second prize on his single draught horse, at the State fair. His horse got a nail in his foot, after getting to Columbia, which disabled him for two days, and he limped a little in driving. Had it not been for this Dr. Brockinton would probably have taken first prize. Had Messrs. David and Mitch Levi and Mr. Jack Weeks also had their fine "steppers" there Clarendon would probably have taken all the prizes for fine driving horses.

Mr. J. M. Richardson took a prize on his fine stallion, "Willie Burke."
Highest New York prices paid for all kinds of furs and hides (fox, coon, mink) at M. Kalisky's.

Mr. W. K. Bell proposes to supply the people of Clarendon with wagons, if they will buy from him. He painted the town red yesterday, hauling them from the depot. It was almost as good as a circus, to see the long line of wagons attached to each other, as they were brought up from the depot. One two-horse team had about a dozen wagons in tow, and several trips were made. Mr. Bell says, in his advertisement, that he will sell cheap, cheaper than ever before, and says he means it too. We will whisper a word here, that he wants the money for these wagons, and will be satisfied with a very small margin for his profit.

Be sure to visit Moses Levi's store, and get his low prices, and you will do your trading there. He sells remarkably cheap for cash.
The people of Manning are now buying chickens and eggs from North Carolina, or wherever they can get them. This market alone, the town of Manning, will easily take 10,000 to 25,000 fowls and 100,000 eggs. There certainly ought to be money in raising fowls, and if the farmers would only devote a small part of their time to this industry, it would pay handsomely. The wives and daughters of our farmers could easily raise two or three hundred fowls without extra trouble, and realize \$50 or \$75 thereby. Is there not food for thought in this paragraph? P. S. The editor of this paper would like to buy two or three dozen chickens any size, and eight or ten dozen eggs. He wishes some food for his family.

The Knights of Pythias meet tomorrow night at 8 o'clock.

The South Carolina Conference is in session this week, in Camden. Bishop Keener is presiding.

Beginning with December we will omit the supplement to our paper. Our fall advertisements are running out, and we shall have no need of the supplement.

THE TIMES has this fall had the most successful season in its history. If other industries have been as prosperous we shall all indeed have cause to be thankful next Thursday.

Rev. H. M. Mood requests us to say that he was misrepresented last week in "Liberality's" article, but that he cannot afford to reply to an anonymous communication.

We can't get any eggs and chickens. We would like to get one or two dozen chickens any size, and eight or ten dozen eggs. Highest cash prices paid at the TIMES office.

Several changes have been made in the schedules on the N. E. and the W. C. & A. railroads. We shall next week publish correct schedules. No changes have been made on the Central railroad.

The State Convention of the Baptist denomination in South Carolina will meet November 28th, in the Baptist church at Florence, S. C., commencing at 10 o'clock in the forenoon of Thursday before the first Sunday in December.

Our boys, the Manning Guards, greatly enjoyed their trip to Columbia, and say the sham battle was a success. Several of them staid over to the next day, and some of them had their pockets picked of money and other valuables.

Mr. Jas. E. Davis's cotton house took fire last Thursday night about 7 o'clock, but by prompt effort the fire was put out. Mr. Davis had just driven into his yard, when the flame was seen. He thinks it caught from the careless handling of matches.

Mr. M. J. Blackwell tells us that there are a number of cases of glanders among the horses in the Pine-wood and Privateer sections. He says that the veterinary surgeon has ordered the horses that had pronounced cases to be killed, but the people refuse to kill them.

The citizens of Summerton have raised a fund to open up a street to the Eutawville railroad, about a mile and a quarter from the business portion of the town. The railroad will locate a depot at the head of this street, and will also contribute \$100 towards the expense of opening the new street.

The reading room of the Manning Guards is now open every evening, except Sunday, from 6 to 11. Mr. I. I. Bagnal is librarian. The reading room is located in the upper part of Furs-tenburg's Hall. The Guards will be pleased to have their friends visit them in their new quarters. The Guards will not object to any contributions, either money or literature.

The county commissioners failing to get any one to take the job of repairing the jail for the amount that the grand jury thought the work could be done, the foreman of the grand jury, Mr. J. Furman Cole, has asked us his judgment, and will himself do the work for \$60. He proposes doing a first class job, and finishing it this week. That's business, Mr. Cole began work last Tuesday, and will probably finish Friday.

Foreston is a bright booming little town, with an eye to business, and Mr. C. M. Mason is foremost among its leading men. He likes to see business going on with a merry hum, and knowing well that the best way to make things hum is to sell cheap, low down, at hard cash, rock bottom figures, he offers his goods at prices that at once please. Everybody near Foreston should be certain to visit his store, and take advantage of some of the many bargains he offers for the cash.

Mrs. Brockinton, the mother of Dr. W. M. Brockinton, has bought the Jesse Plowden house, now occupied by Dr. Brockinton and will shortly move into it. Dr. Brockinton has bought the Pittman house, recently occupied by Mr. N. M. Johnson, and is having it put in thorough repair. He will soon move into it. Mr. N. M. Johnson has moved into the late residence of Dr. Ingram, recently occupied by Mr. Geo. H. Huggins. Mr. Geo. H. Huggins has moved into his mother's residence.

A great many of our subscribers are paid to some time in next year, but not as far as Sep. 1, 1890. If these will hand us the amount to pay to Sep. 1, 1890, they will get a ticket, too, to the Grand Gift Distribution. For instance, suppose a subscriber has paid to March 1, 1890; if he will send us 75 cents more for a six months' subscription, it will pay his subscription to Sep. 1, 1890, and give him a ticket to the Distribution. We want every subscriber to the TIMES to have a ticket, and we want all our subscribers paid a full year in advance.

At 10.30 o'clock in the morning of Thanksgiving Day, Nov. 28th, the distribution of prizes for the MANNING TIMES Grand Gift Distribution will begin, at the MANNING TIMES office. The public is invited to be present and witness the Distribution. Dr. S. C. Richardson, one of the most prominent business and professional men in this county, has kindly consented to act as chairman of the committee to superintend the giving away of the prizes. Four other prominent gentlemen will assist him. Two little boys, not yet selected, will draw the tickets. A full description of how it will be done is given in another column.

Davis Hot Supper.

DAVIS, Nov. 18.—The hot supper at this place last Wednesday night for the benefit of the Sunday-school room was a complete success. The ladies realized \$59.70. The tables were laden with any and every kind of food that the taste could call for. Beautiful bouquets were, also, sold by still more beautiful young ladies.

Mr. R. J. Aycock went in for the bouquets heavily, buying and being the recipient of at least five hundred. His son had to walk home. Mr. Aycock is a widower, and is exceedingly popular among the ladies, as one would naturally judge from the number of bouquets he received that night. But Mr. Aycock was not satisfied with his floral conquests, so he concluded to go for oysters. He went into a grab game, but got left, and had to "set up." He took it in good humor, and paid for the "set up."

Mr. W. G. King likewise went into the grab game for oysters, and likewise got left. He looked sick over his ill luck.

Mr. W. H. Trescott will certainly get fat on the quantity of oysters he ate that night.

The schoolhouse is near completion. It is about 20x35, will be ceiled and plastered, and have blinds and glass. The sash and ceiling is all that is now needed to complete the building.

This is one of the most flourishing Sunday-schools in the State. At least seventy-five scholars attend regularly, two-thirds of whom are Davises. It is kept up during the entire year, and deep interest is manifested in the school. SUNDAY SCHOOL SCHOLAR.

Summerton News.

SUMMERTON, Nov. 19.—We are having quite a cold snap, but not enough to kill vegetation as yet. Cotton is about all picked out, and the yield is not much better than last year.

The Eutawville Railroad has reached David Levi's, and is hauling cotton to Charleston for \$1.25 per bale. There seems to be some trouble between that road and the W. & S. about the crossing, but I suppose that will be settled when the commissioners take hold of it. The W. & S. Road has put on a coach for the accommodation of passengers.

Quite a number from this place attended the State fair last week.

Rev. T. E. Wannamaker left yesterday for conference. He will locate from the conference. He said his salary was paid in full, and the other collections were very good.

The Rev. Mr. Workman preached in the Presbyterian church last Sunday.

A building and loan association was organized here last Saturday, with the following officers: J. C. Lanham, president; Dr. B. M. Badger, secretary; S. R. Cole, treasurer. These gentlemen, with Dr. T. L. Burgess, constitute the board of directors.

Mr. Samuel Sparks is hauling lumber to build a dwelling, and expects to move here with his family. Mr. H. T. Avant has bought a lot and expects to build very soon.

The worst feature about catarrh is its dangerous tendency to consumption. Hood's Sarsaparilla cures it by purifying the blood.

Foreston News.

FORESTON, Nov. 20.—There is considerable excitement here just now caused by the question of License or No License, which will be submitted to the people of the town on Monday, Dec. 2. Liquor has never been sold here, and many of our citizens are afraid of it. It is to be hoped the dry ticket will predominate, though 'tis thought the contest will be very close. A petition is being circulated asking the Legislature to rescind the charter, which will if successful knock liquor higher than a kite. We hope the said petition will receive no encouragement. It looks like child's play to ask for a charter and then so soon after to ask for its repeal.

Our school is in fine trim and increasing in number daily. We now have 25 regular pupils, and Prof. Bonham says they are doing better work than he has ever had, which is saying a good deal. He further says he will put 20 of his pupils against any 20 in the State in same branches of study. Tuition reasonable, and board cheap. Correspondence solicited.

The Rev. J. S. Porter preached his farewell sermon here on Sunday, and started for Conference on Monday. We hear there is prospect for his return as the churches all want him.

San Francisco, with a population of about 400,000, has only one hundred and twenty churches, with a seating capacity of 25,000 and an average attendance of 40,000.
